Mornings

We know that mornings can be a very busy, stressful and fast moving time of the day especially, if you have more than one small person in your household. We also understand that sometimes you will need to pop in and pass a quick message to your child's class teacher first thing in the morning. The mornings are also the busiest periods of the day for my teachers and teaching assistant, who are always very busy preparing the days lesson, resources and activities as well as discussing the kind of the support they will be offering the children while they are in school. If you have a message to pass onto to our teachers or teaching assistants first thing in the morning, please either drop them a quick email or pass the message to Jenny or Linda in the office who will then pass on the message. My colleagues will be more than happy to have a longer conversation at the end of the school day if needed; alternatively and for a longer discussion, you can book an appointment with them if you wish.
